FOR IMMEDIATE RELEASE:

Healthmark Offers New Video Inspection Scope with Display

Fraser, MI, January 19, 2017 - Healthmark Industries has announced the addition of the Video Inspection Scope with Display to their ProSys™ Optical Inspection product line.

The scope features a four-way articulating tip composed of a light source and camera lens at the end of a 120cm flexible shaft. Its designed to inspect instruments 2.5mm in diameter or larger, the scope is the perfect tool to get a visualization of the internal channels of devices.

The Video Inspection Scope with Display contains a 4.5-inch LCD monitor equipped with a UBS port and an SD card slot, allowing use without the need for a computer. It also allows for capturing and saving images and video for later recall and documentation.
