Healthmark Offers New HydroCheck™ That Assists in Detecting Moisture

Fraser, MI, Jan 22, 2020 -Healthmark Industries is pleased to announce the introduction of the HydroCheck™ to its ProFormance™ Cleaning Verification line.

Designed for detecting residual moisture in channels, the single-use HydroCheck™ is a user-friendly test kit can detect as little as 0.05 µL of residual moisture, providing immediate results. Swabs are available in the following sizes: 1.7mm, 2.8mm, 3.8mm, and 5.0mm. If a detectable amount of residual moisture is present on the swab, there will be a visual color change to purple on the swab.
